Interior Furnishing Ideas - The pros at HGTV share ideas for all things interior design, from decorating your home with color, furniture and accessories, to cleaning and organizing your rooms for peace of mind. Fill any underused nook or corner with a big, ol' houseplant and it can instantly become the personality-packed focal point of the room. Tuck the pot in a cute basket for an extra punch. Update an old-school brick fireplace (or wood paneling) with a coat of cream paint like this sunny home. Take that, '70s-era decor. Bright ideas for how to design your living room, bedroom, bathroom and every other room in your house. Mix Your Time Periods. "You mix things up with old and new," suggests textiles and interior designer Kathryn M. Ireland, as she did in the living room of her Santa Monica home; a room where the furnishings include 17th-century French chairs, an 18th-century Mexican console, and a cocktail table from her furniture line.
