

Pulse Bonzai Shower System

Pulse Bonzai Shower System - The PULSE ShowerSpas Oasis Shower System is perfect for an instant shower upgrade. The 5-function showerhead and 6-function handshower give you the optimal spray choices to suit your every need. Equipped with a shower arm that easily threads into your existing water source connection, the Oasis can be installed in minutes. Bonzai – 1017. Designed to utilize your existing valve & connect via the old showerarm/head location; adding a complete shower system solution has never been easier! This product cannot be shipped to CA, CO and New York City, NY due to their 2.0 gallons per minute flow restriction. Packed with features, the Bonzai shower system will perform to perfection. The 8 in. rain showerhead easily pivots side to side on an elegantly arched shower arm. Three relaxing body jets with pulsating spray can be angled to hit just the right spots. A 5 function handshower completes the bundle by offering an array of patterns to sooth your body. Packed with features the Bonzai shower system will perform to perfection.
